For Immediate Release

Whistler Cup Postponed Until 2023

Whistler, BC - Despite our most optimistic and enthusiastic efforts to press forward with our 2022 O2E Brands Whistler Cup, concerns related to the Omicron variant, and its impact on global travel, have forced us to postpone the next Whistler Cup until 2023.

In commenting on the postponement of this year's Whistler Cup, Jim McGovern, Chair of the Whistler Cup Organizing Committee said "We feel the frustration of U16 and U14 racers both internationally and in Canada. Covid 19 has impacted your opportunities to pursue your passion for alpine ski racing for several years now. We want you to know that we are as committed as ever to bringing back Whistler Cup next year, our 30th Anniversary Year. We promise to again bring you the legendary international youth alpine ski racing experience that Whistler Cup is known for around the world."

We are grateful to our many sponsors and partners for their continued support of the O2E Brands Whistler Cup and we look forward to seeing you in 2023!
